KL-0288-11

KL-0288-11 Oil Filler Adaptor for VW DSG Gearbox

Suitable for VW-Audi DSG gear boxes.

Field of Application

This tool is indispensable for the quick, easy and professional filling and re-filling of DSG gearboxes.

The oil filler adaptor is screwed directly to the 1-Litre oil reservoir (VAG G 052 182 A2).

The built-in shut-off valve ensures accurate filling and professional working.

Advantages

- Accurate dosage due to built-in shut-off valve.
- Professional working.

Technical Data

Hose length: 2 m

Gearbox connecting thread: M24 x 1.5

For dimensions of the oil reservoir..... see fig.

Warnings and Notes

- Only qualified personnel observing and strictly complying with the directions, provisions, and safety regulations specified by the vehicle manufacturer should perform work on transmissions.
- Only the vehicle manufacturer's data apply to all work carried out on the vehicle.
- Before connecting the oil reservoir, it is important that the oil hose has been drained completely (as a rule, always drain the hose without the oil reservoir screwed-on into an open oil collecting container).
