PRODUCT DESCRIPTION

KL-4701-100 – Pin Punch Set in Roll-up Bag, 6pcs.

Has a universal application for use on fasteners such as split pins, tension pins, bolts, rivets and much more.

This robust pin punch set, with diameters ranging from Ø 8 to 16 mm, is highly versatile and is particularly suitable for the controlled removal and insertion of various fasteners. The split pin drivers are specifically designed for hand-held use with a hammer.

Thanks to its overall length of 350 mm and its exceptionally large working length of 200 mm, even long or deeply seated fasteners can be reached reliably.

The scope of delivery includes a handy roll-up bag for organised and space-saving storage.

In addition, the split-pin drivers can be fitted with the GEDORE hand guard (108 UNI), which is available as one of the accessories.

Scope of delivery/Single part overview

Pos.	Part no.	Description	Qty.
A	KL-4701-1008	Splint driver, Ø 8 mm, 350 mm	1
B	KL-4701-1010	Splint driver, Ø 10 mm, 350 mm	1
C	KL-4701-1012	Splint driver, Ø 12 mm, 350 mm	1
D	KL-4701-1014	Split pin driver, Ø 14 mm, 350 mm	1
E	KL-4701-1016	Split pin driver, Ø 16 mm, 350 mm	1
-	KL-4701-1090	Roll-up pouch for split pin drivers	1

Technical data

Overall length: 350 mm

Effective length: 200 mm

Handle length: 150 mm

Splint driver diameters: 8, 10, 12, 14 and 16 mm

Handle: 19 mm / hexagonal

Accessories

GEDORE Hand Protection Grip – 108 UNI (Code No. 8658500)

The PVC hand guard offers a particularly high level of protection for the hand in the event of a mis-hit, thanks to its large double protective plate of size.

The ergonomic design with a non-slip grip ensures safe, comfortable and fatigue-free handling. Impacts are absorbed and only a reduced amount is transmitted to the hand.

The hand guard is suitable for chisels with a length of 250 mm or more, including chisels with diameters ranging from 14 to 20 mm, as well as oval chisels with dimensions of 20 x 12 mm, 23 x 13 mm, 26 x 13 mm and 26 x 7 mm.

SAFETY REGULATIONS and INSTRUCTIONS

- ▶ The special tool must only be used by trained specialists in specialist motor vehicle workshops.
- ▶ These product instructions form an integral part of the special tool. Please read and understand these instructions before using the special tool, and follow all instructions, warnings and notes to ensure that the tool is used safely and for its intended purpose.
- ▶ To avoid injury, use the special tool strictly for its intended purpose, and always carry out repair work on the vehicle in accordance with health and safety regulations and accident prevention guidelines, as well as the vehicle manufacturer's instructions.
- ▶ When carrying out vehicle-specific procedures, always follow the vehicle manufacturer's instructions and bear in mind that incorrect use may result in serious damage to the vehicle.
- ▶ Before each use, carefully check the special tool for damage, loose parts or unauthorised modifications, and never use it if any such defects are found.
- ▶ If you are unsure about the application of the special tool, stop work immediately, check your procedure and, if necessary, contact **GEDORE Automotive**.
- ▶ When working, if the nature of the task requires it, you must wear your personal protective equipment, such as safety goggles, protective gloves and safety footwear.
- ▶ Dispose of the special tool and packaging material in an environmentally responsible manner, in accordance with legal requirements. If necessary, contact your local authority or **GEDORE Automotive** to enquire **about** environmentally friendly disposal options.
- ▶ The special tool must always be used in accordance with the safety regulations and instructions; in the event of non-compliance or misuse, the user assumes sole responsibility, and **GEDORE Automotive** excludes all claims for liability, warranty or guarantee.
- ▶ This manual provides a detailed description of the specialised tool and its application; however, technical changes, errors, omissions, inaccuracies, mistakes, as well as damage or consequences resulting from incorrect application or misuse can never be ruled out.
