## PRODUCT DESCRIPTION

### R15003011 - Assembly tool set for injection pump, Ford 2.0 EcoBlue

Suitable for Ford 2.0 EcoBlue 4-cylinder common rail diesel engines.

Installed, for example, in Ford Focus IV (HP, HN, HM), Galaxy III (CK), Edge II (CD539), Kuga III (DFK), Mondeo V (CF, CR, CD), Ranger III (TKE), S-MAX II (CJ, WA6), Transit V363 (FAD, FBD, FED, FFD, FCD, FDD), Transit Custom V362 (F3, FY, FZ), Tourneo Custom V362 (F3) and others...

Compatible with the following engine codes: BC2X, BCCA, BCCB, BCCC, BCDA, BCFB, BCRA, BJFA, BJFB, BJFC, BJFD, BJRA, BJRB, BKFA, BKFB, BKFC, BKFD, BKRA, BKRB, BLFA, BLFB, BLFC, BLFD, BLHA, BLRA, BLRB, YL2X, YLCA, YLCB, YLCC, YLDA, YLDC, YLF6, YLFA, YLFB, YLFS, YLR6, YLRA, YMCA, YMCB, YMCC, YMDA, YMF6, YMFA, YMFB, YMFS, YMHA, YMR6, YMRA, YN2X, YNCA, YNF6, YNFA, YNFB, YNFS, YNR6, YNRA.

- The tool set enables quick removal and installation of the diesel high-pressure pump without having to readjust the engine timing.
- Includes the most important special tools, including for ...
  - Fixing the high-pressure pump wheel in its exact position.
  - Pressing the high-pressure pump out of the pump wheel.
- Similar to FORD tools with OEM no. 303-1635
- Includes high-quality plastic case with sturdy metal fasteners for secure storage.

• **Required accessories for securing the crankshaft:**

**R15003010** - Locking tool set, Ford 2.0 EcoBlue

## Scope of delivery/single part overview

| Pos.                                                                                                                                | Description                | Qty. | Alternative tool no. |
|-------------------------------------------------------------------------------------------------------------------------------------|----------------------------|------|----------------------|
| A                                                                                                                                   | Fastening screw            | 1    | 303-1635/6           |
| B                                                                                                                                   | Fastening screws with nuts | 3    | -                    |
| C                                                                                                                                   | Base plate                 | 1    | 303-1635/1           |
| D                                                                                                                                   | Thrust screw               | 1    | 303-1635/2           |
| E                                                                                                                                   | Lid                        | 1    | -                    |
| F                                                                                                                                   | Supporting bolt            | 3    | 303-1635/3           |
|  <b>Storage:</b> Plastic case with metal fasteners |                            |      |                      |

## Technical data

For engine type: ..... Diesel

Storage: ..... Plastic case with metal fasteners

Case dimensions (L x W x H): ..... 290 x 210 x 70 mm

Weight: ..... 1.6 kg

## SAFETY INSTRUCTIONS AND REGULATIONS

- Read and understand this product information **before using** the special tool, as it serves to familiarise you with the special tool and thus ensures **safe use!**
- Use the special tool **as intended** and **always** carry out maintenance and repair work in compliance with the regulations on occupational safety and accident prevention as well as the vehicle manufacturer's instructions!
- **Before each use**, check the special tool **carefully** for damage, loose parts, or unauthorised modifications. **Never** use it if you notice any such deficiencies!
- **Before each use**, check the moving parts on the **special tool** for dirt, if necessary clean and lubricate it **exclusively** with molybdenum disulphide paste, for example **KL-0014-0030!**
- **Always** wear your personal protective equipment, e.g. safety goggles, protective gloves, safety shoes, if necessary!
- Interrupt your work **immediately** if you are unsure about using the special tool, and contact **GEDORE Automotive GmbH** if **necessary!**
- Dispose of the special tool and its packaging material in an environmentally compatible way in accordance with the legal requirements. If necessary, ask your local authorities or **GEDORE Automotive GmbH** about environmentally friendly disposal options!
