PRODUCT DESCRIPTION

Plastic storage cases with foam inserts

Universal application for the safe storage of tools, equipment and other items.

The stackable plastic storage cases in the **R20652..** series are characterised by their solid build quality and modern design. Available in four sizes (S, M, L, XL) and fitted with sturdy metal fastening buckles to ensure a long service life.

The scope of delivery includes a dimpled foam insert for the cover, as well as one dimpled foam insert and one flat foam insert for the base. Two transparent polycarbonate insert compartments and four suitable label cards are provided for personalised labelling.

The case variants (M, L and XL) also feature a bore for fitting a security seal or a small padlock. The two larger case variants (L and XL) also have an integrated carrying handle.

Scope of delivery / Technical data

Variant	Part no.	Description	Dimensions (L x W x H)	Weight	Qty.
S	R20652025	Plastic storage case (S) with foam insert	250 × 155 × 70 mm	0.5 kg	1

XL	R20652488	Plastic storage case (XL) with foam insert	485 × 350 × 140 mm	2.3 kg	1

SAFETY REGULATIONS and INSTRUCTIONS

- ▶ The special tool must only be used by trained specialists in specialist motor vehicle workshops.
- ▶ These product instructions form an integral part of the special tool. Please read and understand these instructions before using the special tool, and follow all instructions, warnings and notes to ensure that it is used safely and for its intended purpose.
- ▶ To avoid injury, use the special tool strictly for its intended purpose, and always carry out repair work on the vehicle in accordance with health and safety regulations and accident prevention guidelines, as well as the vehicle manufacturer's instructions.
- ▶ When carrying out vehicle-specific procedures, always follow the vehicle manufacturer's instructions and bear in mind that incorrect use may result in serious damage to the vehicle.
- ▶ Before each use, carefully check the special tool for damage, loose parts or unauthorised modifications, and never use it if any such defects are found.
- ▶ If you are unsure about the application of the special tool, stop work immediately, check your procedure and, if necessary, contact **GEDORE Automotive**.
- ▶ When at work, if the nature of the task requires it, you must wear your personal protective equipment, such as safety goggles, protective gloves and safety footwear.
- ▶ Dispose of the special tool and packaging material in an environmentally responsible manner, in accordance with legal requirements. If necessary, contact your local authority or **GEDORE Automotive** to enquire **about** environmentally friendly disposal options.
- ▶ The special tool must always be used in accordance with the safety regulations and instructions; in the event of non-compliance or misuse, the user assumes sole responsibility, and **GEDORE Automotive** excludes all claims for liability, warranty or guarantee.
- ▶ This manual provides a detailed description of the specialised tool and its application; however, technical changes, errors, omissions, inaccuracies, mistakes, as well as damage or consequences resulting from incorrect application or misuse can never be ruled out.
